Show Description

The 80 minute show consists of 4 former contestant finalists performing songs from yesterday and today including songs they performed on TV talent competitions and original compositions. They are backed up by an all-star orchestra under the direction of a top Las Vegas musical director and the dynamic vocal performances of the background singers. Some shows feature the Idolized dancers.

Each artist performs for approximately 20 minutes separately and may also sing with his or her fellow contestants in never before performed duets and group songs. There may also be an opening number and a finale with the entire cast. There will be a meet and greet following the performance for photo ops, autographs and merchandise sales. In extended engagements the Principal Artists can rotate every 6-12 weeks.
